BOUVETØYA

BOUVETÖYA - A GEM IN THE SOUTHERN OCEANS

LOCATION

WHAT DOES IT LOOK LIKE?

Seabird and seal colonies on Bouvetøya

BOAT LANDING

By Zodiac only at southern part of Nyrøysa at the west side of the island and at Svartstranda and Victoria Terrasse on the east side.

Because of the weather conditions, landing and departures on the west side of the island is unsafe.

Landings at the beaches on the east side is easier, as this normally is on the leeward side of the island.

However, the beaches are only 30 to 100 feet deep, with overhanging ice cliffs.....

POSSIBLE CAMP SITES AND DIRECTIONS

PREVIOUS LICENSES AND ACTIVITY

1962 LH4C	Gus Browning, QRV but did not land
1968 3Y0AB	Don Miller, no go
1977 3Y1VC	John Snuggerud 27 Q's
1977 3Y3CC	Audun Hjelle 5 Q's
1978 3Y5DQ	Thor Winsnes 550 Q's
1978 3Y1VC	John Snuggerud 1930 Q's
1981 3Y0A	Hans W Hannapel DK9KX, no go
1988 3Y0FP	Kent Larsson SM7DSE, not QRV?
1988 3Y0B	W9RF & al, no go
1989/90 3Y5X	Club Bouvet 47.000 Q's
1997 3Y2GV	Kåre Pedersen 200 Q's
2001 3Y0C	Chuck Brady 8000 Q's??
2007 3Y0E	Petrus, ZS6GCM, 1500 Q's

3Y1VC + 3Y3CC IN 1977

3Y1VC + 3Y3CC IN 1977

3Y5X CLUB BOUVET 1989/90

- The expedition was organized by Club Bouvet;
LA1EE Einar Enderud,
LA2GV Kåre C Pedersen
LA6VM Erling J Wiig
- The expedition ship was MV Aurora, with a small helo
- Expedition Team comprised
 - 5 radio amateurs
 - 2 scientists
 - 1 photographer
 - 1 camp handyman
 - 2 helicopter crew
 - plus normal crew on MS Aurora
- Total cost was about 400kUSD
- Main sponsors were Thor Dahls Rederi (shipping company) and Northern California DX Foundation

FIRST NEWS RELEASE

Expedition to Bouvetøya 1989/90

Oslo 3 July 1989
News Release # 1

WELCOME TO CLUB BOUVET!

The opening night is planned for Christmas eve this year. We shall do our best to put on a good show. We hope you are going to like it. Your hosts at Club Bouvet will be Kaare, Erling and Einar. We were doing another DX-show together in '87, remember?

This new show is independent, backed by LA-DX-GROUP which provides the starting capital of approx 12,000 USD, on top of 1.000 USD each by your three hosts. CLUB BOUVET budget estimate is 200,000 USD, half of which is to be borne by the Ham World, not excluding yourself. We shall not be riding piggyback on a governmental expedition.

The stage this time resembles that of '87, with its isolated and remote location and surrounded by a virtually endless, cold ocean. Sea and air temperatures are near the freezing point. Visibility is poor most of the time.
